

Week in Review and Lookahead

Friday, February 18, 2022

With the weather slowly warming, work continues on our Signal Upgrades Project under the [Red Line Transformation \(RLT\) Program](#). Continue reading to learn about the latest progress and details of the upcoming [Codman Yard public meeting](#)

Signal Upgrade

Signal Upgrade: Increasing capacity, through reducing headways with modernized signals.

- ✓ **This Week** | Test trains from Alewife to Davis. This nighttime testing will prepare these two signal zones for "cutover" to the new signaling system
- **Lookahead** | Install power components in Central signal house, replacing the old system with the digital signaling system (state-of-the-art, smaller footprint)

*Schedule subject to change with weather conditions and in accordance with public health directives
Project percentages represent the value of the installed work

Cabot Yard and Maintenance Facility Updates

Cabot Yard: Upgrade the Yard to increase service capacity, replace outdated infrastructure, and enhance safety.

Cabot Maintenance Facility: Modernize the Vehicle Maintenance Facility to improve vehicle maintenance; reducing rider wait times, provide cleaner cars, and deliver safer operations

*Schedule subject to change with weather conditions and in accordance with public health directives
Project percentages represent the value of the installed work
