

# Green Line Transformation

## Construction Project Updates

### Week in Review and Lookahead

Friday, March 18, 2022

Work on the Lechmere Viaduct to restore the historic structure is now **substantially complete!** The completed project allows the viaduct to handle heavier loads, extends infrastructure service life, and reduces maintenance costs while also preserving the aesthetics of the historical structure.

### Lechmere Viaduct Rehabilitation

**Lechmere Viaduct Rehabilitation:** Strengthen and preserve the 110-year-old viaduct to sustain heavier loads & increased capacity

- ✓ **This Week | The Lechmere Viaduct Rehabilitation project reached substantial completion,** with track, signal, power, and structural upgrades ready for service to begin on March 21<sup>st</sup>
- **Lookahead |** Minor cosmetic touchups will continue on the Viaduct and at Science Park

\*Schedule subject to change with weather conditions and in accordance with public health directives  
Project percentages represent the value of the installed work
