

Week in Review and Lookahead

Friday, June 10, 2022

This week progress continued on [Red Line Transformation](#) projects in design and construction. Read below to learn about our latest updates

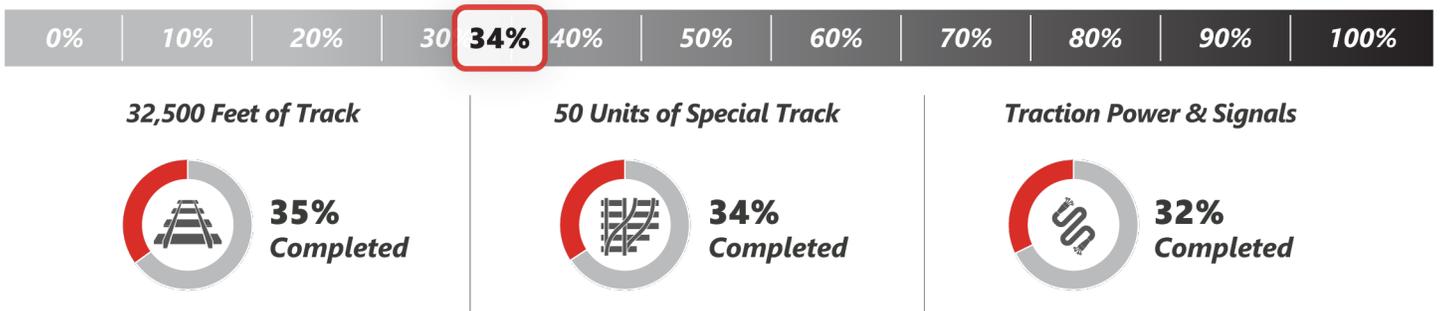

Signal Upgrade

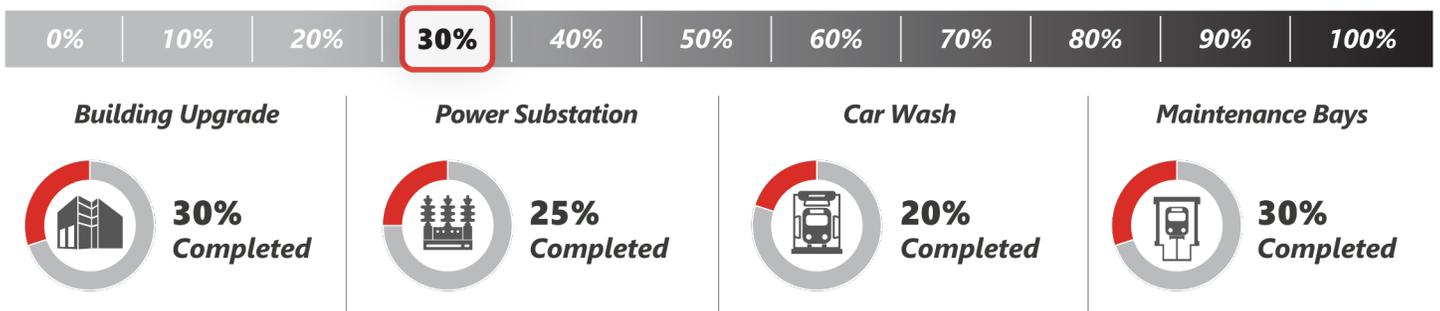

Signal Upgrade: Increasing capacity, through reducing headways with modernized signals.

- ✓ **This Week** | Crews continued testing within signal houses and along the track at Harvard, Porter and Central. In the core of the system, contractors under T supervision installed components at Park Street and Downtown Crossing
- **Lookahead** | Next week, nightly testing will occur at Harvard and Porter; test trains will switch tracks while engineers observe and diagnose issues ahead of a future cutover to the new digital infrastructure

Cabot Yard and Maintenance Facility Updates

Cabot Yard: Upgrade the Yard to increase service capacity, replace outdated infrastructure, and enhance safety.

Cabot Maintenance Facility: Modernize the Vehicle Maintenance Facility to improve vehicle maintenance; reducing rider wait times, provide cleaner cars, and deliver safer operations

*Schedule subject to change with weather conditions and in accordance with public health directives
Project percentages represent the value of the installed work
